SIGMA Manila, in conjunction with ICE Asia, expects to welcome 10,000 delegates, offering the chance to network with leaders in the iGaming industry, strike deals with the biggest brands, engage the leading suppliers, and secure support from the affiliates that matter.

As a joint venture between SiGMA Group and Clarion Gaming, the event will cater for both the land-based gambling sector as well as the iGaming sector, with online suppliers, operators, affiliates, regulators and blockchain businesses all being housed under one roof at the SMX Convention Centre (situated in the heart of Manila as well as the adjacent Conrad conference venue).

SiGMA Group runs Europe's largest iGaming expo, SiGMA Malta. Clarion Gaming are the organisers of ICE, London. With these two forces heading to Manila together, organisers expect around 10,000 delegates from across the world.
